

# DHRUVA N

Aspiring Software Engineer | CS & Business Systems Student

Hassan, Karnataka | +91 90191 48668 | ndhruva1234@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

## PROFESSIONAL SUMMARY

Computer Science and Business Systems student with hands-on project experience in computer vision, machine learning, and blockchain-based data security. Comfortable across JavaScript, Python, and C++, with a working foundation in HTML, CSS, and JavaScript, data structures, algorithms, and SQL. Seeking a software engineering internship to apply this foundation and grow into full-stack tooling on the job.

## TECHNICAL SKILLS

**Programming Languages:** Java, Python, C++, React.js

**Web Fundamentals:** HTML, CSS, JavaScript

**Databases:** SQL, Database Management

**CS Fundamentals:** Data Structures & Algorithms, OOP Concepts

**Tools & Platforms:** Git, GitHub, MS Office

**Emerging Tech:** Cloud Computing Fundamentals, AI/ML Fundamentals

## PROJECTS

**AI-Driven Face Recognition-Based Attendance Management System** | Python, OpenCV, Face Recognition, Database Management

- Built an automated attendance system replacing manual roll-call with real-time facial recognition, identifying and logging individuals directly into a database.
- Designed the pipeline connecting face capture, recognition, and database storage, tuning detection logic to handle varied lighting and angles reliably.
- Result: eliminated manual attendance tracking, cutting administrative overhead and reducing human error in record-keeping.

**EmoTherm SecureChain: Blockchain-Enabled Framework for Encrypting Emotional Thermal Images** | Python, Blockchain, Machine Learning, Thermal Image Processing

- Designed a security framework combining blockchain with thermal image processing to protect sensitive emotional/biometric datasets from unauthorized access.
- Implemented encryption and decentralized access-control logic so stored images remain tamper-proof, while applying ML techniques to analyse the dataset.
- Result: demonstrated a working model for privacy-preserving handling of sensitive biometric data using blockchain-backed security.

## EDUCATION

**Bachelor of Engineering (B.E.) – Computer Science and Business Systems** | Malnad College of Engineering | 2023 – 2027

**PUC / Class 12** | Creative Pre University College, Karkala — 83%

**SSLC / Class 10** | Amritha Bharathi Vidya Kendra, Hebri — 63%

## CERTIFICATIONS

- Artificial Intelligence in 3 Hours — Infosys Springboard (May 2026)
- Certificate of Participation – Round 2: Detailed Presentation Submission, EY Techathon 6.0

## ACHIEVEMENTS & LEADERSHIP

- Advanced to the second round of EY Techathon 6.0, a national-level innovation competition.
- Coordinated college-level events and led team-management and volunteer initiatives on campus.

## LANGUAGES

English | Kannada | Hindi | Spanish (Beginner)
